

Career Technical Education Framework for California Public Schools

Grades Seven Through Twelve

Educators recognize today's need for high-quality, relevant career technical education programs, and our students deserve the advantage that early consideration of career choices and preparation for tomorrow's workforce and economy can provide. The *Career Technical Education Framework* will show you how to provide that advantage to your students. Through this framework you will learn how to develop an array of high-quality, standards-based career technical education pathways, courses, curricula, and assessments.
